Subject: THA recommendation re proposed freestanding emergency medical care center rules

Dear Allison,
On behalf of the Texas Hospital Association, I am making the following recommendation regarding the proposed rules concerning Freestanding Emergency Medical Care Centers, published in the Dec. 25, 2009 Texas Register:

Add the double-underlined language as follows:

291.151 (13) Freestanding emergency medical care center (FEMCC)--A freestanding facility that is licensed by the Texas Department of State Health Services pursuant to Chapter 254, Health and Safety Code to provide emergency care to patients.

Please contact me if you have questions.

Matthew T. Wall, J.D.
Associate General Counsel
Texas Hospital Association
