COMPLAINT PROCESS

How do I file a complaint?

If you have a complaint against a pharmacy, pharmacist, or pharmacy technician, you may complete the attached TSBP Complaint Report Form and submit to the Texas State Board of Pharmacy (TSBP) or you may file the complaint on-line using the TSBP website: www.pharmacy.texas.gov. Anyone may file a complaint, but complaints must be received in writing. **Please note, TSBP does not accept anonymous complaints.** Therefore, in order for the Board to investigate your complaint, you must provide your full name and address on the complaint form.

How are complaints resolved?

Each complaint is thoroughly reviewed and evaluated to determine if it involves a person or pharmacy licensed/registered by this Board, and whether the allegations would be a violation of the Texas Pharmacy Act or Texas Drug Laws. If the complaint is not within our jurisdiction, we may close the complaint with no action or refer the complaint to another agency or entity. ***The Board does not have jurisdiction over complaints involving rudeness, customer service and/or pricing/billing disputes.***

If the complaint is within the jurisdiction of this agency, an investigation will be initiated. An investigator may contact you for additional information about your complaint at the phone number you provided on the form. If you do not have a phone or do not want us to call, we will write to the address that you provided if we need more information.

Many investigations are closed following a telephone call to the pharmacy to discuss the concerns expressed in a complaint. Investigations may also be closed with an education letter which will serve as a written warning to the subject(s) of the complaint. If a complaint results in disciplinary action against the licensee or applicant, the action may range from reprimand (public censure) to revocation (license removed from the pharmacist, pharmacy, or pharmacy technician). The Board does not represent the complainant (person making the complaint) individually and does not seek restitution or money damages on behalf of any individual.

What happens if disciplinary action is initiated?

The licensee is given the opportunity to attend an informal settlement conference. The licensee will be told of the date, time, and place of the conference. The licensee will be informed of the issues to be discussed.

The complainant may attend the conference at his/her own expense if permitted by the Texas Pharmacy Act and Board Rules. Certain informal settlement conferences may be confidential by law. If applicable and permitted by law, the complainant will be notified of the date, time, and place of the conference.

At the informal settlement conference, the licensee is given an opportunity to show compliance with the law. A panel (composed of Board staff and generally two Board Members) proposes a recommendation for settlement of the case, which may include dismissal or a disciplinary sanction. If the panel recommends the imposition of a sanction, and the licensee agrees with the recommendation, a proposed Agreed Board Order (ABO) is presented to the Board Members at their next regularly scheduled meeting. If the Board Members accept the proposed ABO, the order is entered. The complainant may obtain a copy of the order if the order is a public order.

If the licensee does not accept the proposed ABO or if the Board Members reject the proposed ABO, the case will proceed to a public hearing conducted by an Administrative Law Judge (ALJ) employed by the State Office of Administrative Hearings. After the hearing is conducted, the ALJ will prepare a Proposal for Decision (PFD) which contains findings of fact, conclusions of law, and recommended disciplinary action. The PFD will be presented to the Board Members who will then make a decision in the case. The Board's decision may be appealed in accordance with Texas law.

Will I be told of the status and resolution of my complaint?

We will notify you in writing when the complaint is closed unless you inform us that you would prefer not to receive written notification. It is difficult to predict, in advance, the amount of time necessary to process a specific complaint. If your complaint requires a lengthier investigation, you will be notified in writing of the status of the complaint approximately every 120 days until final action is taken, unless the notification would jeopardize an undercover investigation.
