*Do not check this service if the pharmacy is only reconstituting a manufacturer's NON-STERILE product (e.g., reconstituting an antibiotic suspension).

**If you are adding the Tech Check Tech or Rural Hospital designation, submit the appropriate form found on this page [Technician Programs for Class C or C-S Hospitals](#).

***If the pharmacy adds or deletes the service of Compounding Sterile Risk Level Low, Medium, and/or High, you must contact the Licensing Staff and request a "change of pharmacy license class form".
