AUTOMATED PHARMACY SYSTEM REMOTE APPLICATION

Automated Pharmacy System (APS) - A mechanical system that dispenses prescription drugs and maintains related transaction information, that is not located at the same location as a Class A or Class C pharmacy, at which remote pharmacy services are provided using an automated pharmacy dispensing system.

A completed Automated Pharmacy System application must be submitted every two years in conjunction with the pharmacy renewal of the provider pharmacy's license. See Rule [§291.121 Remote pharmacy services using Automated Pharmacy System for the entire rules and regulations.](#)

A provider pharmacy may provide remote pharmacy services using an automated pharmacy system to a jail or prison operated by or for the State of Texas, a jail or prison operated by local government or a healthcare facility regulated under Chapter 142, 242, 247, or 252, Health and Safety Code, provided drugs are administered by a licensed healthcare professional working in the jail, prison, or healthcare facility.

Type or clearly print (all blanks must be complete – if not applicable, enter N/A)
