

TEXAS POISON CENTER NETWORK

A statewide telecommunications network of poison centers has been implemented in Texas. A toll free telephone number will connect you to a poison center from anywhere in Texas. Poison centers have been opened in Amarillo, Dallas, El Paso, Galveston, San Antonio and Temple.

For poison information, dial the toll free number:

1-800-222-1222

In an emergency, dial 9-1-1

Public education materials such as brochures, phone stickers, and magnets are also available by dialing the 1-800 number above or at www.poisoncontrol.org.

Together, we can help reduce the incidences of poisonings in Texas!
